## EDUCATION

---

### Bachelor of Technology - Computer Science

*Mother Theresa Institute of Engineering and Technology , Palamaner*

Current Percentage : 86

*2020 - 2024*

### Intermediate - MPC

*Sri Chaitanya Junior College , Tirupati*

Percentage : 94

*2018 - 2020*

## PROJECTS

---

### Deep Learning Model for Anomaly Detection in COVID-19 Tweets | *Machine Learning with Python*

- Assisted in creating a deep learning model that detects the anomalies in predicting the sentiment either (Positive or negative) based on Covid Tweets
- Identify tweets that are outside of the normal range of sentiment, which could be indicative of a new COVID-19 outbreak or other event that is causing people to express strong emotions about the pandemic
- The dataset will be collected from Twitter using a variety of methods, such as keyword searches and streaming APIs

### Portfolio and Tutorials Website | *HTML, CSS, JavaScript*

August 2022

- Developed a Portfolio Website which showcases my talents and skills
- The application features a clean and responsive user interface, ensuring a smooth and enjoyable user experience across different devices

## ACHIEVEMENTS

---

- Certification on Python by Coursera
- Certification on Machine Learning using Python By Microsoft Learn Student Ambassador
- Certification on Responsive Web-Design by FreeCodeCamp

## TECHNICAL SKILLS

---

**Languages:** Python, C , Java

**WebDesign :** HTML, CSS, Basics of JavaScript

**Developer Tools:** Git , VisualStudio

**DataBase:** DBMS , MySQL

## PERSONAL TRAITS

---
